

Vast Scientific Kenya Limited

For Scientific Laboratory and Medical supplies

LABORATORY EQUIPMENT AND CONSUMABLE CATALOGUE

Automated chemistry analyser
150 samples per hour
(AVICHEM MINI)

Automated chemistry analyser
250 samples per hour
(AVICHEM MIDI)

Celtac G hematology analyzer 5PART
33 parameters (nihon kohden)

Norma Autoloader

**Automated sample processing
for better workflow and time efficiency**

- The only retrofittable autosampler on the market
- Suitable for medium and big laboratories
- Built-in sample mixer and barcode reader
- Space-saving compact size
- Sample capacity: 50 vials
- Emergency sample option

Automated immuno assay

icon

**A smart 3-diff
hematology analyzer
with closed and open tube sampling**

- Complete Blood Count results in one minute
- Easy to use, straightforward navigation
- Extremely small footprint, reagent consumption and sample volume processing
- Point-of-Care testing possibilities:
ICU, ER, Mobile Care Units
- Possibility to measure from capillary samples
- Remote Access:
online diagnostic tool

Automated immuno assay

**Celtac
alpha hematology analyzer**

Hurricane POC immunoassay

Vast Scientific Kenya Limited

For Scientific Laboratory and Medical supplies

Palm F Immunoassay System

Microscope olympus cx 23

Refrigerated centrifuge

Vortex Mixer

Tube roller mixer

Benchtop centrifuge

Class II biosafety cabinet(Biobase)

**ClassII biosafety cabinet
(Thermoscientific)**

Locator 4 liquid nitrogen tank

Nano drop
